

EW05ZD Fingerprint Handle Lock

EW05ZD

Fingerprint Recognition

Decoy Password Feature

Local alarm

Guest function

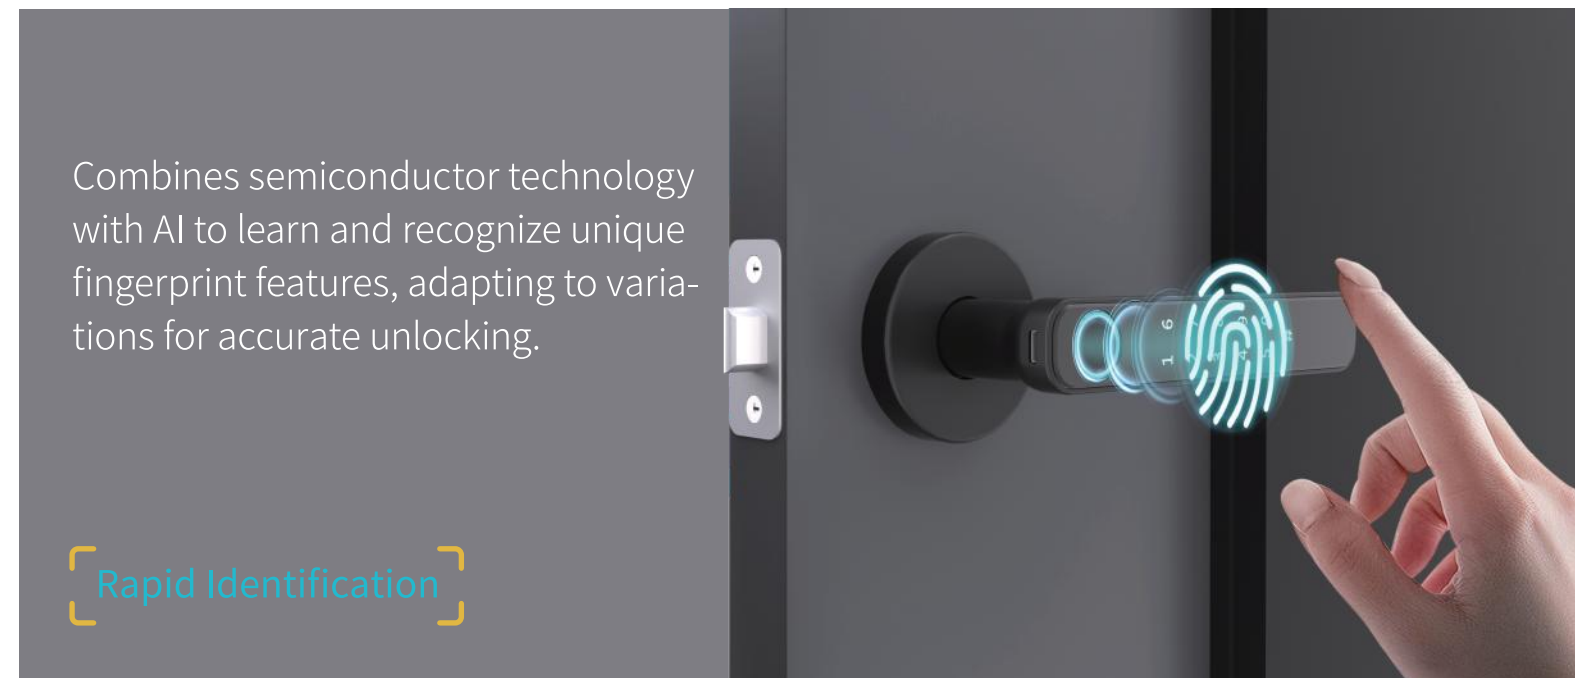

Product Overview

The EW05ZD Fingerprint Handle Lock combines the classic look of a traditional handle lock with modern smart features. Its fingerprint sensor and touchscreen keypad are seamlessly integrated into the handle, offering both style and functionality. Supporting Bluetooth connectivity and app-based local management, the EW05ZD is designed for those seeking a balance of traditional design and advanced convenience in their smart homes or offices.

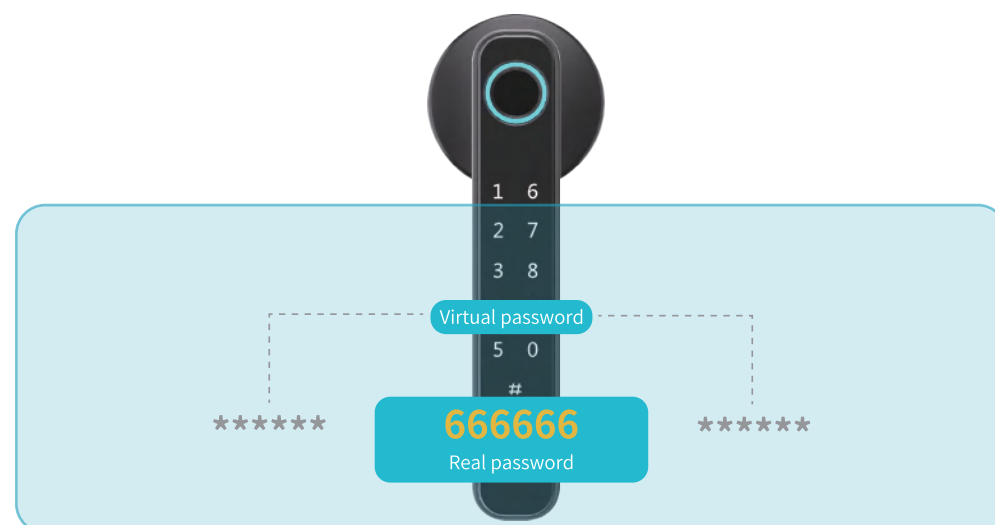

Key Features

Fingerprint Recognition

Decoy Password Feature

Allows random digits before or after the real password to prevent prying, enhancing password security.

Local alarm

Locks the device and triggers an alarm after multiple failed attempts, preventing brute-force attacks and enhancing security.

Guest function

One-time password, randomly generated key, used once invalid;
Periodic password, be used within a specified period of a fixed period.

Technical Specifications

Unlocking Modes	Fingerprint/PIN code/Remote control/BLE APP Unlock/ NFC Optional
Fingerprint Capacity	50 groups
PIN Code Capacity	100 groups
Wireless Standards	Bluetooth
Power Supply	4*AAA batteries 6V
Battery Life	AAA battery: 12 months (unlocking 10 times a day)
